THE ANTIQUARIAN

MIDDLEBOROUGH HISTORICAL ASSOCIATION

INDEX of CATEGORIES

This index is intended to aid the researcher in locating "Antiquarian" articles pertaining to specific subjects of interest. Since the index is not all-inclusive, persons and places mentioned only in passing are usually not included.

The articles that are included have been assigned to categories. Categories are listed alphabetically and the articles belonging to each category are listed chronologically. Articles that could reasonably be assigned to more than one category have been listed under each relevant subject heading.
